BRINGING BIG SMILES TO LITTLE FACES

Thank you!

Star 100, congratulations on successfully completing the 60 mile bike ride from London to Cambridge on Sunday 25<sup>th</sup> July 2010.

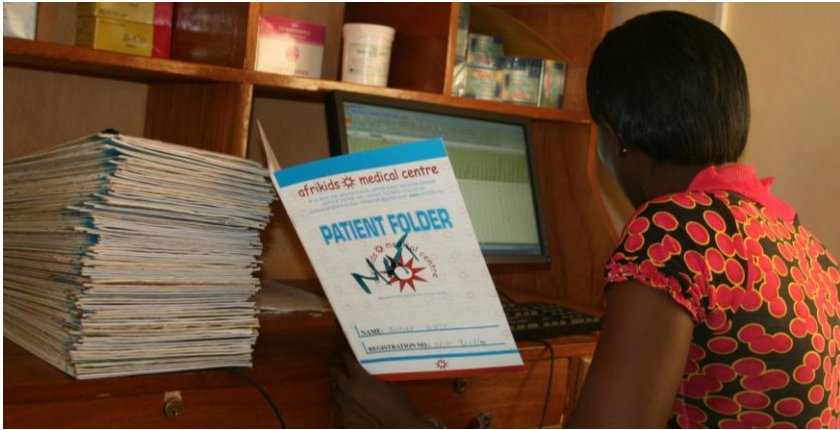

Thank you so much for participating in the challenge, raising £2,553.82 and for donating the majority of the funds to AfriKids.

AfriKids will be directing your funds to the construction of the new wards and equipment for the AfriKids Medical Centre; building on your support through the AfriKids Social Investment Club. As you will know from your regular updates, the build is well underway, we are expecting the new wards to be ready by the end of September 2010, and look forward to updating you once the new wards are up and running. We are extremely grateful for your contribution, as you know it will make a real difference to the children and families we support in northern Ghana, especially those in need of healthcare and medical support.

AfriKids beneficiaries are all registered on the National Health Insurance Scheme (NHIS). This means they have access to free healthcare at the point of delivery.

These pictures represent the children and families that will benefit from your donation to the AfriKids Medical Centre. Access to quality healthcare can be truly life changing for these families. Your donation really will have a huge impact.

Thank you for your continued support!

Akosua Addai, Sarah Akrobettoe, Sena Gbedemah, Zebedee Nii-Naate, William Pieteron, Richard Tandoh, Francis Yeboah, Kojo Yeboah and Selina Yeboah
